

Let It Grow (feat. Karen O & Tunde Adebimpe)

Maximum Balloon

I don't want need another one
Cause all I ever really feel like me when I'm with you
I dont want need another one
Cause I only ever wanna be myself when I'm with you
I dont wanna see another one
Cause I only wanna look one way and thats at you
I dont wanna hear another word
Cause I'm only gonna feel one way if I can't stay with you
From a tree a forrest grows
You could turn into anything
It's okay it to let it grow
Let it grow into everything
I dont wanna be who goes and fades and fades away
i don't wanna be another memory
Gonna bring the heat when the winter comes and ease the pain
Rising and set everyday
From a tree a forrest grows
You could turn into anything
It's okay it to let it grow
Let it grow into everything
Look outside at whats become
No we're not tired we could try for eternity
From a tree a forrest grows
You could turn into anything
It's okay it to let it grow
Let it grow into everything
From a tree a forrest grows
You could turn into anything
It's okay it to let it grow
Let it grow into everything
I wanna be the one you love
i just had to let you know
I wanna be the one you lofe
I just had to let you know
I wanna be the one you love
I just had to let you know
I wanna be the one you love
I just had to let you know
I just had to let you know
I just had to let you know
