

# Mr. Safety (feat. Stokley & Raheem Devaughn)

## The World Famous Tony Williams

[Verse 1: Tony Williams]

All night, girl I've been wishing 'bout you  
All night, that's right, girl I confess I'm your fool  
Can I, fly like a jet to rescue  
Alright, that's why, I wear this s on my suit[Hook: Tony Williams]  
Girl you've been dancing all night  
[?] you're fine  
And just wanna get off your feet  
Wanna take it home baby  
Promise I'll treat you real sweet  
They call me Mr Safety  
And I come with a guarantee  
That you'll make it home safely

[Verse 2: Raheem DeV Vaughn]

DJ just said it's last call  
And now the club lights are on  
If you want be my night cap  
Like a full length mink coat I'll keep your body warm  
I parked right outside  
If we were to ride, I'd be your seatbelt  
See girl you're too fine to leave afloat  
Let me be your love boat[Hook][Verse 3: Stokley Williams]

Fast or slow, we can go  
It don't matter, as long as you are comfortable  
Sweet lady, you're driving me so crazy  
When I dance and make love to your mind  
Shelter your heart from thieves of all kinds  
When I guide you from the seat to the shore  
Make you feel complete and secure  
You'll be safe with me

[Hook][Bridge: Tony Williams & Stokley Williams]

I came, here tonight  
To come and save you  
I'm at your rescue  
I can see  
Your'e in need of me  
Mr safety  
Come go with me[Hook][Outro]  
Just call me  
I promise I'll treat you real sweet  
Just call me Mr Safety
