

# Text (feat. Jason Derulo)

## Mann

Hit me with a text!  
Let me know your home alone,  
Freaky with that camera phone Hit you with a text!  
Got me on your favorite ringtone,  
Lately, that's your favorite song Hit me with a, text!  
It could go down,  
Hit me and I'll be around Hit you with a, text!  
On the low,  
Nobody'll have to know  
Just hit me with a text  
Ahhh, she hit me up in the morning,  
She be textin', when she stretchin' and yawnin'  
She be like "good mornin'"  
I be like "good mornin'"  
While I'm makin' cereal, the milk I be pourin' And I'm eating breakfast,  
Never gettin' restless  
Like I live in Dallas,  
The way I be readin' texts Very interestin',  
Always the worst,  
When she be gettin' freaky  
But don't do it in person She be tryin' to tease me,  
And my ude, it be workin'  
When it be workin', the text message be jerkin',  
Yeahhhhhh...  
That's why I love my female,  
She send me naked pics,  
Straight to my e-mail Baby girl, thick, so she must eat well  
Got my head spinnin',  
Like some shiny free whales Ya'll, I might do phone-sex,  
But we get it in,  
When she hit me with a text Hit me with a text!  
Let me know your home alone,  
Freaky with that camera phone, Hit you with a text!  
Got me on your favorite ringtone,  
Lately, that's your favorite song Hit me with a, text!  
It could go down,  
Hit me and I'll be around Hit you with a, text,  
On the low,  
Nobody'll have to know,  
Just hit me with a text Yeah, hit me on the A.M.,  
As long as she get at me,  
I don't care, it's all the same,

And when her phone rang,  
My ringtone playin', like Hit me with a text! Mann is on the brain,  
I love her screen name,  
A lace top cutie,  
And her icion is a pic of her booty,  
Say she miss me, and we see each other often,  
Don't call, girl, let the finger do the talkin' What, she want the business?  
She ain't gotta worry,  
Text me girl, and I'll be there in a hurry  
Yeahhh I still love my chick,  
Though she gettin' mad,  
When other girls are on my "ohhhhhhh!" I got my own category on her buddy list,  
I know that I'm in first, if I'm not, I gon' be pissed Ya'll might do phone sex,  
But we get it in, when she hit me on the text, Hit me with a text!  
Let me know your home alone,  
Freaky with that camera phone, Hit you with a text,  
Got me on your favorite ringtone,  
Lately, that's your favorite song, Hit me with a, text!  
It could go down,  
Hit me and I'll be around, Hit you with a, text!  
On the low,  
Nobody'll have to know  
Just hit me with a text Ugh, when you alone in your room,  
You got that number, and you know what to do,  
Send me a text,
