

# Stay (feat. La Trec)

Sash!

I had a dream last night  
You were there  
You held my hand so tight  
I thought I'd just die  
Do you remember  
When we used to have so much fun  
I used to cry sometimes  
Those days are gone  
Do you remember? I wanna go back to  
Back to the days  
When I needed  
A little more fun  
When I believed I  
I believed I  
Could fly so high  
Through the clouds  
Tear down these walls  
If just for one day  
Tear down these walls  
I need you to stay  
Stay! Come on and stay  
Stay  
Stay Turning back time to  
Times we made love  
All day  
Under the sun  
When I believed I  
I believed I  
Could fly so high  
Through the clouds  
Tear down these walls  
If just for one day  
Tear down these walls  
I need you to stay  
Stay! Come on and stay  
Stay  
Stay I had a dream last night...
