

Alone (feat. Big Sean & Stefflon Don)

Halsey

Said he tried to phone me
But I never have time
He said that I never listen
But I don't even try
I got a new place in Cali
But I'm gone every night
So I fill it with strangers
So they keep on the light
She said she told you she knows me
But the face isn't right
She asked if I recognized her
And I told her I might
See, everywhere I go
I got a million different people tryna kick it
But I'm still alone in my mind
I know you're dying to meet me
But I can just tell you this
Baby, as soon as you meet me
You'll wish that you never did
(You'll wish that you never did)
I stayed a night out in Paris
Where they don't know my name
And I got into some trouble
With that drink in my veins
I got a problem with parties
'Cause it's loud in my brain
And I can never say "sorry"
'Cause I won't take the blame
I know I always go missing
And you're lying awake
But if you ask why I'm distant
Oh, I'm runnin' away
You know that everywhere I go
I got a million different people tryna kick it
But I'm still alone in my mind
I know you're dying to meet me
But I can just tell you this
Baby, as soon as you meet me
You'll wish that you never did
(You'll wish that you never did)
I, I know you wanna
I, I know you wanna
Slip under my armor
I, I know you wanna
I, I know you wanna
I, I know you wanna
Slip under my armor
See, everywhere I go

I got a million different people tryna hit it
But I'm still alone in my mind I know you're dying to meet me
But I can just tell you this
Baby, as soon as you meet me
You'll wish that you never did
(You'll wish that you never did)
Yeah, yeah (I know you wanna)
(I, I know you wanna)
You'll wish that you never did
(I know you wanna)
(Slip under my armor)
Oh
(I know you wanna)
(I, I know you wanna)
You'll wish that you never did
