Memories

Palisades

I remember when you looked at me
When you saw me for who I was
When you never knew me for who I wasn't
Now we pass by and we say nothing
I remember when life was young
Singing things like the same old songs, yeah
I remember when you told me
I was going to blind to seeNow it's over and it's twisted
Were there some things
We could have fixed
If we just tried
But I'll try
To take these dreams
Away from me
Fade this scene
Into the deep
Erase my mind
Cause I can't sleep
I'll be fine
Without chasing
MemoriesI remember when you showed your teeth
No one else could break me down like you
You just didn't want to hear excuses
I just didn't want to hear you through it
And I know the brokenness we
Could've probably fixed
If I had just tried, yeah
'Stead I'll try
To take these dreams
Away from me
Fade this scene
Into the deep
Erase my mind
Cause I can't sleep
I'll be fine
Without chasing
MemoriesI'm so lost
You're so goneI remember never looking back
Leaving was the same as solving problems
Guess I really got what I had coming
But don't cry cause there's still timeTo take these dreams
Away from me

Fade this scene
Into the deep
Erase my mind
Cause I can't sleep
I'll be fine
Without chasing
