

# Hearing Aid

## They Might Be Giants

Lord is your, your mercy  
Frosty, the supervisor lives by himself  
Sometimes I feel sorry for him, usually I can't  
I've turned off my hearing aid

Don't say, "The electric chair's not good enough

For king lazy bones like myself"  
More coffee for me boss

'Cause, I'm not as messed up as I want to be  
I've turned off my hearing aid

Don't say, "The electric chair's not good enough

For king lazy bones like myself"

Because, because
