

Fashion Week (feat. G-Eazy)

Wale

Ah, find me a Kendall Jenner I'll be a gentleman to her
Give me a Jourdan Dunn she never gonna finish a nigga
Hol' up Walk by, on fire baby can't douse it
That body bangin', accept that
You should model, girl who do your booking?
Walk by, on fire baby can't douse it
That body bangin', accept that
I walk by again, a little look quick, hol' up Switch, gold switch
Switch, gold switch
Switch, gold switch
Switch, gold switch
My bitch

Switch, gold switch
Switch, gold switch
Switch, gold switch
Make sure your posture's right baby
Show some love tonight
I know a thing
And she tell me fuck her and call her a bad bitch
I can never cuff her, I'm stuck on this rap shit
Fuckin' up the budget but nothing but rap shit
I know a thing
Shea Butter on Twitter be callin' shawty a queen
Head game silly, might give her the Don C
Hair game killin' I get her a new McQueen
In case you behind, let me remind you to wait till I make my move
Wale from the Maybach crew
Heard about me, what they say about you?
Heard about me, what they say about you?
Heard about me, what they say about you?
Heard about me, what they say about you?
Party in the hills, tell that pussy come through
Hol' up
Walk by, on fire baby can't douse it
That body bangin', accept that
You should model, girl who do your booking?
Walk by, on fire baby can't douse it

My bitch You wanna sit front row?
Ask me get anything that you want, though
She a fashion killer, me I'm a cutthroat
Goin' out tonight, she said that she wants coke
1 Oak or Webster, up and down
Paparazzi gonna think that I'm cuffing now
It's casual I'll call you up when I'm back in town
We fall out but she always come back around
Hit Barney's and fuck up a check there
In the dressing room, fuck have sex there
"What's taking so long?" "Oh, she trying the next pair"
People see us everywhere and they just stare
And she mixing off white with SL
I got my Vans on bitch, I dress well
I'm from the bay, I see her once in a blue moon
