

# Run In the Front

## Dear and the Headlights

Run in the front like you said  
I'm sad I'll miss it send it back in the photographs  
And I could use a vacation myself  
My eyes are bored  
Stuck in the lot for days  
Manager said I can't make "just one more mistake"  
So I'll just hang my head and say sorry  
Wouldn't be the first time And you I'm missing you I don't want to  
But I will  
See the gray in your hair, Angel  
Your beauty can't be covered by insecurity  
I hope the same truth would still hold true for me  
'Cause I drowned in mine  
Calling John on the phone  
I'm panicking after three rings I don't think that he's home  
He makes my head much lighter you know  
With just some words he says  
"C'mon now now it's not so bad  
I'm sorry that you feel that way no you're not useless  
You don't even have to think about it  
Things will work out just fine" And you I'm missing you I don't want to  
But I will  
See the gray in your hair, Angel  
Your beauty can't be covered by insecurity  
I hope the same truth would still hold true for me  
'Cause I drowned in mine  
Run in the front like you said  
I'm sad I'll miss it send it back in the photographs  
And I could use a vacation myself  
My eyes are bored Hours to waste turns into full weeks, then months, then into me  
A life long disease  
The gray in your hair still means hope for me  
That beauty won't be hidden easily  
That truth could still hold true for me
