

# June Haverly

Troye Sivan

June Haverly, you always get your way  
But, June Haverly, not today no not today  
You're on top of the world  
Just trying to stay on track  
And they'll kiss your feet  
While they stab your back  
And watch your star it burn to blaze and cry  
June Haverly, you always got your way  
But not today  
No not today  
No not today

June Haverly, you're not to blame  
No not to blame  
And, June Haverly don't be ashamed  
For all the pain  
You're on top of the world  
Just trying to stay on track  
And they'll kiss your feet  
While they stab your back  
And watch your star it burn to blaze and cry  
June Haverly  
We miss you so  
Why'd you go  
Oh Why'd you go  
You're on top of the world  
Just trying to stay on track  
And they'll kiss your feet  
While they stab your back  
And watch your star it burn to blaze and cry  
June Haverly  
We miss you so  
Why'd you go  
Oh why'd you go
