

# Can't Go to Church

Mitchell Tenpenny

I can't, I can't  
I can't, I can't)When the bells ring out in the streets of town, I can't be found  
Anywhere near 'em (I can't), oh  
I'm gon' get long-gone like a leavin' song, but I'll sing if you would  
Hopin' that you'll hear 'em, oh-whoaI ain't tryin' to avoid that place  
But I don't know what else to do  
I don't wanna see her face  
Sittin' in the front pewI'll still do my prayin' but I'll do it somewhere else  
Ain't it crazy how an angel can drag a man through hell?  
Oh, I know Sunday mornin' she'll come walkin' through that door  
So, Lord, forgive me, I can't go to church anymore  
(I can't, I can't  
I can't go to church anymore  
I can't, I can't  
I can't go to church anymore)Now, it ain't fair that we gotta share the same place where  
Everybody does their healin', oh-whoa  
'Cause if she's in there, I'll just stare, and I won't hear  
A thing that preacher's preachin'I'll still do my prayin' but I'll do it somewhere else  
Ain't it crazy how an angel can drag a man through hell?  
Oh, I know Sunday mornin' she'll come walkin' through that door  
So, Lord, forgive me, I can't go to church anymore  
Can't go to church anymore, oh-whoa-ohShe gets the church, she gets the Bible  
I get the hurt, I get the bottle  
I ain't tryin' to avoid that place  
But I don't know what else to do (I don't know what else to do)  
I don't wanna see her face  
Sittin' in the front pew  
With someone newSo I'm gonna do my prayin' but I'll do it somewhere else (I'll do it  
somewhere else)  
Ain't it crazy how an angel can drag a man through hell?  
Oh, I know Sunday mornin' she'll come walkin' through that door (yeah, she'll come walkin')  
So, Lord, forgive me (forgive me) I can't go to church anymore (I can't, I can't)  
Can't go to church anymore (I can't, I can't)  
(Can't go to church anymore) oh, yeahShe gets the church, she gets the Bible  
I get the hurt, I get the bottle(I can't, I can't  
I can't go to church anymore  
I can't, I can't  
I can't go to church anymore  
I can't, I can't  
I can't go to church anymore  
I can't, I can't

I can't go to church anymore)
