

# Takin' Me Down

## Hardline

(Johnny Gioeli, Joey Gioeli, Neal Schon)

Mama said you was a bad girl since I set my eyes on you  
And who would think that I would sink in something that you would do

Baby, baby you had a way to cover up your lies  
Put me down for the crown, but I never saw it in your eyes  
And now my love is cold, it's my heart you sold  
And every night you're haunted 'til you gotta let go  
Takin' me down, girl you're takin' me, takin' me  
Takin' me down, girl, way down  
Takin' me down, girl you're takin' me, takin' me  
Girl you're takin' me

Now you say there's a better way that you just can't live without  
Take the money from my hands now, honey, take the food right from my mouth

You can say everything you want, or do all the things you do  
But honey, I hope you rot in hell for all the things you put me thru  
And now my love is cold, it's my heart you sold  
And every night you're haunted 'til you gotta let go  
Girl you're takin' me down, you make the walls come crumblin' down  
Girl, get me around, yeah you better get rid of, get rid of the dreamy ground

(Solo)

And now my love is cold, it's my heart you sold  
And every night you're haunted 'til you gotta let go  
Girl you're takin' me down, you make the walls come crumblin' down  
Girl, get me around, and now my love is cold, it's my heart you sold  
Girl you're takin' me down, you make the walls come crumblin' down  
Girl, get me around, our love is cold  
Takin' me down, girl you're takin' me, takin' me  
Takin' me down, girl, way down  
Takin' me down, girl you're takin' me, takin' me  
Girl you're takin' me down

(repeats 2x)
