## Smash Mouth

I see you floating by me  
I see a beautiful face  
It's pointed straight up towards the smog I know I know you feel me beaming  
Can you sense my burning x-ray vision  
As you roll on by now  
You must be gravitating  
To the vibe I'm generating or maybe not - yet I have known you forever  
You pushed the reset button on the counter of my heart  
But you'll laugh at my advances  
But still I've gotta chance it as I watch your dust  
You do it (you do it)  
You do it for me  
Yeah, you do it (you do it)  
You do it for me  
Yeah, you do it (you do it)  
That's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine I send out to you  
Frequencies exceeding the speeding laws of sound  
I extend out to you  
The satellite that will orbit your mind 'til your down  
That's how I know that's how I know I'm the asteroid that will infiltrate your soul  
That's how I know that's how I know  
Speeding towards you burning out of control  
Yeah, You do it (you do it)  
You do it for me  
Yeah, you do it (you do it)  
You do it for me  
Yeah, you do it (you do it)  
That's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine
