

# Vampires

## S

your mom called, i know you lied  
i see it now, and what you left behind  
you feel bad, i feel worse  
i will hold on and you will hold out  
(pause)

mind games thrown back  
t-shirts left out  
airplanes, phone calls  
new friends, vampires  
(pause)

all your friends know, what a big surprise  
you try to tell them everywhere i hide  
i am crazy and you are fucked up  
we are stuck here, who has got control?  
there is no way i'll believe you  
(Pause)

mind games thrown back  
t-shirts left out  
airplanes, phone calls  
new friends, vampires  
(pause)

mind games thrown back  
t-shirts, step dads  
bank cards, pigtailed  
birthdays, parking  
fake laughs, voice mail  
new friends, vampires  
i am lonely, i am lonely
