

# After Tonight

Justin Nozuka

There's something in your eyes  
Is everything alright  
You look up to the sky  
You long for something more, darling  
Give me your right hand  
I think I understand  
Follow me and you will never have to wish again I know that after tonight  
You don't have to look up at the stars, no no no no  
I know by the end of tonight  
You don't have to look about the stars  
And I know that if the love is alright  
You don't have to look up at the stars, no no no no  
I know by the end of the tonight you wont have to look up at the stars  
Tell me how you feel  
And if I'm getting near  
I'll tell you where to steer  
You tell me where to steer, da-da-da-darling  
Way above the clouds  
And high above the stars  
Through the unknown black holes  
No one knows where we are  
But we'll return to earth and do it all over again 'Cause I know that after tonight  
You don't have to look up at the stars, no no no no  
I know by the end of tonight You don't have to look up at the stars  
And I know that if the love is alright  
You don't have to look up at the stars, no no no no  
I know by the end of the tonight you wont have to look up at the stars  
Come away with me  
Come fly away with me  
Just for one night no one will ever know, darling  
I will leave you satisfied  
Forever past time  
You don't have to hide  
You're free to fly I know that after tonight  
You don't have to look up at the stars, no no no no  
I know by the end of tonight  
You don't have to look up at the stars  
And I know that if the love is alright  
You don't have to look up at the stars, no no no no  
I know by the end of the tonight you don't have to look up at the stars  
I know that after tonight  
You don't have to look up at the stars, no no no no

I know by the end of tonight  
You don't have to look up at the stars  
And I know that if the love is alright  
You don't have to look up at the stars, no no no no  
I know by the end of tonight we'll be looking down from a corner of heaven.
