

Roll the Dice

Tim McGraw & Faith Hill

Ah, sweet baby
Let's roll the dice on love Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Ooh ooh ooh ooh ooh Toes in the white sand
Sun on my ray bands
Your hand in my hand
Wind blowing through your hair
You curling up in my chair
Mmh
Tide rolling in slow
Watching the waves roll
Love song in my soul
Just floating out in the air
Baby we ain't got no cares It's just you and I underneath one of those perfect skies
Don't you think this could be paradise?
Baby let's roll the dice on love
Roll the dice
Come roll the dice
Ooh ooh ooh ooh ooh Kick off your sandals
Let's light up some candles
This love is a gamble
But baby I play to win
So, let's go all in
Mmh
'Cause what could be better
Than you and me together
So, baby never say never
Just kiss me again and again
My skin against your skin It's just you and I
Underneath one of those perfect skies
Don't you think this could be paradise?
Baby let's roll the dice on love Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice

Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice It's just you and I
Underneath one of those perfect skies
Don't you think this could be paradise
If we roll the dice on love? Let's take a chance
Let's just fall in to our hands
We don't have to even think to try
Let's roll the dice on love Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice
Roll the dice
Come roll the dice Let's roll the dice
Let's roll the dice on love (oh oh)
Let's roll the dice on love
