## Silver Bullet

## **Hawthorne Heights**

Tonight, we'll fly away so high Our first full moon skyI'll breathe you in

I won't let you down

I won't hold you back

I won't make a sound

I know what scares you the mostBeing alone or just like them

Being alive while feeling so, dead

At least you'll have my heartYou know, you shine so bright

I got a single silver bullet

Shot right through my heart

To prove I can survive

Without you

I got a single silver bullet

Shot right through my heart

To prove I can surviveCan you sleep at night

If I hold you tight?

I won't let you go

This feels so rightPlease don't leave this timeAt least you'll have my heart

You know, you shine so brightI got a single silver bullet

Shot right through my heart

To prove I can survive

Without youI got a single silver bullet

Shot right through my heart

To prove I can survive

Without you

Tonight, we'll fly away so high

Tonight, we'll fly away

You know the moon is full and

I can't live without youTonight, we'll fly away

Tonight, tonight

Tonight, we'll fly away

TonightI got a single silver bullet

Shot right through my heart

To prove I can survive

Without youI got a single silver bullet

Shot right through my heart

To prove I can survive

Without you
