

Scarecrow

Between The Trees

Oh scarecrow it ain't so bad
just try and fit in this hollow man
cause you've traveled so far from where it all began
maybe I wasn't made for this world x2
all the space in between the soul and the seams
maybe I wasn't made for this world
I think I took the wrong path
and I need to find my way back
they say you're never too far to start it all again
am i too far?
maybe I wasn't made for this world x2
all the space in between the soul and the seams
maybe I wasn't made for this world
Oh scarecrow
oh scarecrow
is it really that bad?
oh scarecrow oh scarecrow
is it really that bad?
Maybe I wasn't made for this world
maybe I wasn't made for this world
all the space in between the soul and the seams
maybe I wasn't made for this world x2
all the space in between the soul and the seams
maybe I wasn't made for this world.
Oh scarecrow
oh scarecrow
is it really that bad?
oh scarecrow oh scarecrow
maybe I wasn't made for this world
oh scarecrow oh scarecrow
is it really that bad?
