

# Runnin' Outta Moonlight

Randy Houser

Don't you worry bout gettin' fixed up  
When you wake up your pretty enough  
Look out your window at the cloud of dust  
That's my head lights, that's my truck  
Come on baby don't you keep me waiting  
I gotta go I got a reservation,  
Tailgate for two underneath the stars  
Kiss on your lips when your in my armsWhoa  
Girl Every now and then you get a night like this  
Whoa

This is one that we don't wanna miss, no  
Come on baby let me take you on a night ride  
Windows down, sittin' on my side  
Tick tock now were knocking on midnight  
Me and you girl runnin' outta moonlight  
I wanna hold you till the break of dawn  
Hear the crickets sing a riverside love song  
Hey baby all we got is all night  
Come on now were runnin' outta moonlightGirl I bet you thought I lost my mind  
Outta the blue pulling into your drive  
Wonder why I got you way out here  
Have you ever seen a sky this clearWhoa  
Girl you never look better then you do right now  
Whoa

Oh heaven let your light shine down  
Come on baby let me take you on a night ride  
Windows down, sittin' on my side  
Tick tock now were knocking on midnight  
Me and you girl runnin' outta moonlight  
I wanna hold you till the break of dawn  
Hear the crickets sing a riverside love song  
Hey baby all we got is all night  
Come on now were runnin' outta moonlightWhoa  
Girl Every now and then you get a night like this  
Whoa

This is one that we don't wanna miss, noCome on baby let me take you on a night ride  
Windows down, sittin' on my side  
Tick tock now were knocking on midnight  
Me and you girl runnin' outta moonlight  
I wanna hold you till the break of dawn  
Hear the crickets sing a riverside love song  
Hey baby all we got is all night

Come on now were runnin' outta moonlightHey baby don't it feel so right  
Come on now were runnin' outta moonlight  
All I wanna do is hold you tight  
Come on, come on, come on were runnin' outta moonlightWhoa  
Ya were runnin' outta moonlight  
Whoa
