

# Gone Too Soon

Andrew Jannakos

Every night at 12 o'clock  
on the dot, it never fails you call me up, talking about you had a bad day  
so you're pulling up  
so I pour up a cup of just what you need, cause I know what you need I love it when you wanna  
sleep at my place  
I love it when we dancing down the hallway  
But when you leave it puts me in a bad place  
Will you stay, come on please stay You come around unannounced and you Leave with the  
sunlight  
Just when it's getting good you hit me with that goodbye  
Same thing every night I can never get enough time, I want more of ya  
I want more of that moonlight that candlelight that red wine that's gone too soon  
You ain't going nowhere  
my t-shirt you're still In it  
Been on your phone for a minute  
baby, who you kidding  
Girl, we're running running running running from the truth  
I know you want me to, so why/ I do you? You come around unannounced and you Leave with  
the sunlight  
Just when it's getting good you hit me with the/that goodbye  
Same thing every night I can never get enough time, I want more of ya  
I want more of that moonlight that candlelight that red wine that's gone too soon  
Yeah, it's gone too soon  
It's gone too soooooonnn Girl we're running running running running from the truth, but we don't  
have to, so you don't have to.  
You come around unannounced and you Leave with the sunlight  
Just when it's getting good you hit me with the/that goodbye  
Same thing every night I can never get enough time, I want more of ya  
I want more of that moonlight that candlelight that red wine that's gone too soon
