Grease (Reprise)

Frankie Valli

I solve my problems and I see the light
We gotta plug and think, we gotta feed it right
There ain't no danger we can go to far
We start believing now that we can be who we areGrease is the word
They think our love is just a growing pain
Why don't they understand, It's just a crying shame
Their lips are lying only real is real
We start to find right now we got to be what we feelGrease is the word

Grease is the word, is the word that you heard

It's got groove it's got meaning Grease is the time, is the place is the motion

Grease is the way we are feeling

We take the pressure and we throw away

Conventionality belongs to yesterday

There is a chance that we can make it so far

We start believing now that we can be wo we are Grease is the word

Grease is the word, is the word that you heard

It's got groove it's got meaning

Grease is the time, is the place is the motion

Grease is the way we are feeling

This is the life of illusion

Wrapped up in trouble laced with confusion

What we doing here? We take the pressure and we throw away

Conventionality belongs to yesterday

There is a chance that we can make it so far

We start believing now that we can be who we are

Grease is the word

Grease is the word, is the word that you heard

It's got groove it's got meaning

Grease is the time, is the place is the motion

Grease is the way we are feelingGrease is the word, is the word that you heard

It's got groove it's got meaning

Grease is the time, is the place is the motion

Grease is the way we are feelingGrease is the word

Is the word
