Mile Away

TK Kravitz

I just told you girlfriend to drop a pin
Let's go let's go
We been texting all day
Now I'm going for the win yeah
Every time I touch the hand
Man I tensing
We see you niggas throwing shots
But you ain't hit the rim
Now I'm diving in them blow
Like I gotta
I see bullshit from a mile away, oh
I do the best I can to keep that shit away, oh
I end up in depression when I'm thinking bout my ex
I'm living life right now but I'm always thinking next
I'm focusing on me right now, I can't even flex
I'm focusing on me right now, I can't even flexHere's my time to shine, yeah
I love when money hit my life
If they ex I'm doing fine, yeah, yeah
I don't sign no shit if I ain't get my fair share
I was fucked up now I spin like I don't care
There to endorse me, I drink too much Belvedere
I'm fresh as hell, I can tell how they stare
But damn bullshit I can feel it in the air
I see bullshit from a mile away, oh
I do the best I can to keep that shit away, oh
I end up in depression when I'm thinking bout my ex
I'm living life right now but I'm always thinking next
I'm focusing on me right now, I can't even flex
I'm focusing on me right now, I can't even flexYeah...Oh ho...Yeah...
