

lift me from the ground (feat. Sofie Winterson)

San Holo

Lift me from the groundTalk to me, I love that sound
Out of words when you're around
I've been trying to come down
On a high when you're aroundLift me from the groundTalk to me, I love that sound
Out of words when you're aroundLift me from the ground
I've been trying to come down
On a high when you're aroundLift me from the ground
Lift me from the ground, ground, ground, ground...Lift me from the ground
Lift me from the ground
Lift me from the groundTalk to me, I love that sound
Out of words when you're aroundLift me from the groundI've been trying to come down
On a high when you're aroundLift me from the ground
Lift me from the ground
Lift me from the ground
Lift me from the ground
Lift me from the ground
Lift me from the ground
Lift me from the ground
