

# Been Away

Brent Faiyaz

I know I've been away  
I'm just tryna get my papers straight, girl  
Don't give my shit away I'm just tryna get my papers straight, girl I know I've been away  
I'm just tryna get my papers straight, girl  
Don't give my shit away  
I'm just tryna get my papers straight, girl They just wanna fuck with you  
'Cause they know I fuck with you  
If I put my trust in you  
What would you do? Would you just step out?  
Would you thug it out?  
Would you be here 'til the end?  
I just wanna know if you're my friend  
I just wanna know if you're pretending  
I know I've been away  
I'm just tryna get my papers straight, girl  
Don't give my shit away  
I'm just tryna get my papers straight, girl I know I've been away  
I'm just tryna get my papers straight, girl  
Don't give my shit away  
I'm just tryna get my papers straight, girl Baby, baby, baby, baby, baby  
Don't leave me down  
Don't do me wrong  
'Cause I ain't got no one at all  
This penthouse view ain't as beautiful as you  
Won't ever have time, but I can make time for you  
Before I used to tell lies, but I would never lie to you  
Shopping spree on my dime, looking all kinds of new  
Girl, you know what I like, what would you like to do  
Tell me, tell me, attend to you  
(I know I've been)  
I know I've been away (away)  
I'm just tryna get my papers straight, girl  
Don't give my shit away  
I'm just tryna get my papers straight, girl  
(No, no, no, no) I know I've been away (I've been away)  
I'm just tryna get my papers straight, girl  
Don't give my shit away  
I'm just tryna get my papers straight, girl (I know I've been away) Keep me out your mind  
I'm for real  
Keep me out your mind  
I'm for real  
Keep me out your mind (for real)

Ooh, keep me out your mind
