

The Greatest

KING

Who wants a run with the number one? Get in line, for the greatest, great to grace this side of
time

I'm taking home the gold

One at a time, the modern marvel man to stand behind

I'm taking home the gold Though my heart, it beats like crazy

My heart is spinning and we both know

There's just one way to go

And someone's gotta fall

It won't be me, no

Muhammad, the greatest great

The champion heavyweight

Who wants a run with the number one?

Fight of the night

A flashing faster than the speed of light

I'm taking home the gold

Riddle and rhyme

The bravest famous maven in my prime

Victory is mine

Though my heart, it beats like crazy

My heart is spinning and we both know

There's just one way to go

And someone's gotta fall

Oh, Ali the amazing

My heart is spinning and we both know

There's just one way to go

And someone's gotta fall

Though my heart, it beats like crazy

My heart is spinning and we both know

Muhammad Ali, oh

The greatest great

Your champion heavyweight

Who wants a run with the number one? It'll be me, Muhammad the greatest great

Your champion heavyweight
