

No Pressure (feat. Big Sean)

Justin Bieber

You ain't gotta answer none of my calls
I'm believing you'll pick up one day I don't wanna add to your pain at all
I'm praying that time makes a change in your life
I'm realizing how much you made a change in my life
And I don't wanna spend it with nobody else
Hear me? Don't nobody deserve myself
Oh no, baby what I'm saying is You ain't gotta make your mind up
You ain't gotta make your mind up right now
Right now, don't rush, no pressure You ain't gotta make your mind up You ain't gotta make your
mind up right now Calm down, don't rush, no pressure
Thought that you were in it for the paper
Never thought I'd take you serious
Now I need you, not a moment later
Losin' it, I'm so delirious
And I'ma put up a fight for it
Never give up a love like this
Finally I found someone
That can do me like no other Talking to my conscience I made a few mistakes
I did it to myself
I'm the only one to blame I know you need a little while to believe again
To love again You ain't gotta make your mind up
You ain't gotta make your mind up right now
Right now, don't rush, no pressure
You ain't gotta make your mind up
You ain't gotta make your mind up right now
I'll be waiting for you
Don't rush, no pressure You ain't gotta make your mind up
You ain't gotta make your mind up right now
Right now, don't rush, no pressure
You ain't gotta make your mind up You ain't gotta make your mind up right now
Don't rush, no pressure Put my key in the ignition Don't rush it girl, just stretch it out for me
I know that you ain't got no place to be
Girl I need your attention
And every time I see you make that face
I wanna love you all over the place
Don't do it, baby
Don't do it to me, no, no I know you don't wanna talk, right
We've been on and off like the cross lights You heard I'm playin' with them hoes like I golf,
right?
When I touch you, I get frostbite
Girl you're so cold, so cold, so cold
How we so young but livin' so old?

In the bed together but we sleepin' solo
That could drive you loco
You supposed to be my uno, Yoko Ono
Oh no, round two again
We've been fighting more than Ryu and Ken
Last time we argued eight straight days
I learned my lesson, I got straight As
And I know it's deeper than masseuses
Oh, you know I eat the cookie like I'm Lucious
Go ahead and take the time
But it's a waste of time if your waist ain't on mine
Think about it You ain't gotta make your mind up
make your mind up
You ain't gotta make your mind up right now
right now
Don't rush, no pressure
there ain't no pressure
You ain't gotta make your mind up
no ohh
You ain't gotta make your mind up right now
I'll be waiting for you
Don't rush, no pressure
baby don't rush
You ain't gotta make your mind up
You ain't gotta make your mind up right now
Don't rush, no pressure
You can take it easy now
You ain't gotta make your mind up
You ain't gotta make your mind up right now
And I'll still be right here
Don't rush, no pressure Say yeah, say yeah
You ain't gotta make your mind up now
Know I did you wrong
Let your heart heal
Don't rush, no pressure
