Say It (feat. Tove Lo) [Illenium Remix]

Flume

Feeling the song, party done
Shadows walking home
Walking with our game on
You are my kind, classic mind
And you look so fine
Mmm, mmm, mmm
Loving the cold, smoke a roll
See your fingers shake
I'm getting through your heart break
Some kinda freak, sing for me
Don't know what I need
Mmm, mmm, mmm
Don't doubt me babe
You make me wanna change
Break my bed to make me wanna stay

I can't...

Bite me babe

You make me love the pain

Break my bed to make me wanna stayI can't...When you say it like that

Oh, oh, oh, oh

Got me falling right back

Oh, oh, oh, oh

Mmm, mmm, mmm, mmm

When you say it like that

Oh, oh, oh, oh

Let me fuck you right back

Oh, oh, oh, oh

Mmm, mmm, mmmI'm getting the door, silent walk

Who's the first to speak?

Speak it like a real freak

Voice in my head, in my bed

Filled with you instead

Mmm, mmm, mmm, mmm

Taking your time, work my mind

And I play with you

I play pretend it's so trueFollow me down

Listen 'round to the deep dark sound

Mmm, mmm, mmmDon't doubt me babe

You make me wanna change

Break my bed to make me wanna stay

I can't...Bite me babe

You make me love the pain

Break my bed to make me wanna stay

I can't...When you say it like that

Oh, oh, oh, oh

Got me falling right back

Oh, oh, oh, oh

Mmm, mmm, mmmWhen you say it like that

Oh, oh, oh, oh

Let me fuck you right back

Oh, oh, oh, oh

Mmm, mmm, mmmOh, oh, oh, oh

Oh, oh, oh, oh

Oh, oh, oh, oh

Oh, oh, oh, oh

When you say it like that

Oh, oh, oh, ohDon't doubt me babeYou make me wanna change Break my bed to make me wanna stay

I can't...

Bite me babe

You make me love the pain

Break my bed to make me wanna stay

I can't...When you say it like that

Oh, oh, oh, oh

Got me falling right back

Oh, oh, oh, oh

Mmm, mmm, mmm, mmm

When you say it like that

Oh, oh, oh, oh

Let me fuck you right back

Oh, oh, oh, oh

Mmm, mmm, mmm, mmm
