

To Be With You

David Archuleta

I've been alone so many nights now,
And I've been waitin' for the stars to fall.
I keep holdin' out for what I don't know
To be with you, just to be with you. So here I am staring at the moon tonight,
Wondering how you look in this light.
Maybe you're somewhere thinkin' about me too.
To be with you, there's nothing I wouldn't do. And I can't imagine two worlds spinnin' apart
Come together eventually.
And when we finally meet, I'll know it's right.
I'll be at the end of my restless road.
But this journey, it was worth the fight.
To be with you, just to be... Holding you for the very first time, never letting go.
What I wouldn't give to feel that way...
Oh... Oh, to be with you... Oh, and I can't imagine two worlds spinnin' apart
Come together eventually.
And when you're standin' here in front of me,
That's when I know that God does exist.
'Cause He will have answered every single prayer.
To be with you, just to be with you, yeah.
You...
