

Alone

Trampled By Turtles

You come into the world alone
And you go out of the world alone
But in between, theres you and me
OhhhOhohohoh

Ohohohoh

OhohohohThe summer breezes blow so tall
And the winter nights are cold and so long
In between the falling leaves ohhh

Ohohohoh

Ohohohoh

Ohohohoh

OhohohOhThe days and nights are killing me
The light and dark are still in me
But there's and anchor on the beach

So let the wind blow hard
And bring a falling star Ohoh

Ohohohoh

Ohohohoh

OhohohOHOhohohoh

Ohohohoh

Ohohohoh
