

# How Not To

## Dan + Shay

I can honestly understand why it's over  
I can go through the motions walkin' away  
I can give you the key and take my things back  
I can find plenty things to fill my days  
But I don't know how not to  
Think about you when it's late at night and quiet  
Yeah I know that I ought to  
Be the one who is strong and just moves on  
But I'll probably turn down your road  
Knock, knock on your door  
Fall back in your arms  
Wake up in the mornin'  
Hating myself and the way that I can't help  
The way I still want you  
I just don't know how not to  
How not to, how not to  
I just don't know how not to  
How not to, how not to  
You're like second nature baby  
you're just like breathin'  
Melody that you hear and you can't forget  
And time goes by and I still need you  
Yeah you're worth the heartbreak and no regret  
But I don't know how not to  
Think about you when it's late at night and quiet  
Yeah I know that I ought to  
Be the one who is strong and just moves on  
But I'll probably turn down your road  
Knock, knock on your door  
Fall back in your arms  
Wake up in the mornin'  
Hatin' myself and the way that I can't help  
The way I still want you  
I just don't know how not to  
How not to, how not to  
I just don't know how not to  
How not to, how not to  
Oh how not to think about you, when it's late at night and quiet  
Yeah I know that I ought to  
Be the one who is strong and just moves on  
But I'll probably turn down your road  
Knock, knock on your door  
Fall back in your arms  
Wake up in the mornin'  
Hatin' myself and the way that I can't help  
The way I still want you

I just don't know how not to  
How not to, how not to  
I just don't know how not to  
How not to, how not to
