

A Tendency to Start Fires

Bush

Strange zoo, strange blaze
Douse my head in flames
Coming new, gotta get some
Happiness is a bad son
Forceps, kitchen tools
Deconstruct your every move
Feels better when you're here
Guillotine just got here Back bend, back break
Please yourself to make it rate
Live it all at your own cost
So many just got lost
Leaning for fire
Leaning to fire
Leaning to fire
Here's tomorrow man
Best of my ability
Chasing what I can
Here's tomorrow man Instinct, bare-boned
Light it up, take it home
You will be all things
You'll get what you bring
Leaning to fire
Leaning to fire
Leaning to fire Here's tomorrow man
Best of my civility
Chasing what I can
Here's tomorrow man
Best of my ability
Chasing watercans
Here's tomorrow man
Here's tomorrow man
With our own tongue
With our own tongues Here's tomorrow man
Best of my ability
Chasing what I can
Here's tomorrow man
End of a century
Chasing what I can
Here's tomorrow man
Here's tomorrow man
Here's tomorrow man

Here's tomorrow man
