

KSI's Little Brother

Miniminter

Alright, I've gone for an English beat
England is my city, big up Nick Crompton
Jake Paul's my dad, Logang for life
Only thing you had on me was I got sloppy seconds
But wait a second, didn't you mention
10 bars later there was a girl you banged after Tobi?
That taught you a lesson
(It's mad)
Another girl that you tricked to your pad (Why?)
Promising fans but if they don't bang
Then you send them away all sad
(That's peak bro, it's mad)
Now onto another
Your best friend is probably your mother
Seen your dad's dick you make me feel sick
And didn't you shower with your brother? (He did)
Talk about J as a master but he's not the one that I'm after
Tweet about us on life support?
Bro, that shit almost killed me with laughter (hahahaha)
2 weeks, 12 vids
Now which one has had the most hits (which one?)
It's not the one where you sold out JJ
It was the Sidemen diss (Mad)
Now I think it's time we switch up the scene
Picture Deji Olatunji and a drugged-up teen
Now some of your fans might know who I mean
If I said that he met her in Bethnal Green
And how many times did she scream help me?
Your hairline is fucked, you look like ET
The last time you almost died like this
Was the time you crashed your TT
This beef was between me and you
But you wanted a few more views (Why?)
