Where the Streets Have No Name

U2

I wanna run, I want to hide
I want to tear down the walls that hold me inside
I want to reach out and touch the flame
Where the streets have no nameI want to feel sunlight on my face
I see the dust-cloud disappear without a trace

I want to take shelter from the poison rain

Where the streets have no name

Where the streets have no name

Where the streets have no name

We're still building and burning down love

Burning down love And when I go there I go there with you

It's all I can do The city's a flood and our love turns to rust We're beaten and blown by the wind, trampled in dust I'll show you a place high on a desert plain

Where the streets have no name

Where the streets have no name

Where the streets have no nameWe're still building and burning down love

Burning down love And when I go there I go there with you It's all I can do

Our love turns to rust

We're beaten and blown by the wind

See our love turn to rust

I'll be beaten and blown by the windAnd when I go there

I go there with you It's all I can do
