

Suicide

Meat Beat Manifesto

Have you even been broken?
Broken up inside?
It's suicide... (x14)Have you ever been worried?
Ever been told a lie?
Made to fake an opinion?
Have you ever wondered why
You live and why
It's suicide... (x14)Have you ever been numbered?
Given an eye for an eye
While you were livin to die?We got to change the pulse of the nation
We got to prove it to the population
We get to hear synthetic vibration
Beaming ultraviolet radiation (x4)
It's suicide... (x15)
