

# Corner of the Earth

## Jamiroquai

Little darlin' don't you see the sun is shining  
Just for you, only today  
If you hurry you can get a ray on you, come with me, just to play  
Like every humming bird and bumblebee  
Every sunflower, cloud and every tree  
I feel so much a part of this  
Nature's got me high and it's beautiful  
I'm with this deep eternal universe  
From death until rebirth This corner of the earth is like me in many ways  
I can sit for hours here and watch the emerald feathers play  
On the face of it I'm blessed  
When the sunlight comes for free  
I know this corner of the earth it smiles at me  
So inspired of that there's nothing left to do or say  
Think I'll dream, 'til the stars shine  
The wind it whispers and the clouds don't seem to care  
And I know inside, that it's all mine  
It's the chorus of the breakin' dawn  
The mist that comes before the sun is born  
To a hazy afternoon in May  
Nature's got me high and it's so beautiful  
I'm with this deep eternal universe from death until rebirth You know that this corner of the  
earth is like me in many ways  
I can sit for hours here and watch the emerald feathers play  
On the face of it I'm blessed  
When the sunlight comes for free I know this corner of the earth it smiles at me  
This corner of the earth, is like me in many ways  
I can sit for hours here and watch the emerald feathers play  
On the face of it I'm blessed  
When the sunlight comes for free  
I know this corner of the earth it smiles at me
