## Look Alive, Stay Alive

## **Highly Suspect**

Sit down, shut up and let me buy you a drink I'm done caring about what other people think They don't know shit and neither do I Just have another one and try to look aliveIt's only natural You're feeling the way that you do One foot in front of the other Just trying to keep your cool'Cause there's monsters in the shadows And they've got the urge to kill So you'd better pay attention 'Cause if you don't, best believe that they will Sit down, shut up and let me buy you a drink I'm done caring about what other people think They don't know shit and neither do I Shut your mouth kid and try to stay alive You put your hands together Staring straight into the sky 'Cause you're still not cool with yourself And you're still afraid to dieWell, congratulations, mister You got that look in your eye You think you're better than everyone Well, you're fucking notSit down, shut up and let me buy you a drink I'm done caring about what other people think They don't know shit and neither do I Just have another one and try to stay alive Sit down, shut up and let me buy you a drink I'm done hearing what the rest of them think They don't know shit and neither do I Just have another one and try to stay
