

# Hiroshima (B B B Benny Hit His Head)

## Ben Folds

Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh Start of the show Hiroshima  
And the people were shouting my name  
As the house lights came down and the spotlight followed me out  
I waved hello to the crowd as I busted ass off the front of the stage Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall Maybe it was a rush of adrenaline  
As the concrete rose to meet face  
Maybe it was the sheer embarrassment  
That kept me conscious and standing  
As I crawled back up onto the stage  
And started pounding out the first song  
There was blood on the keyboard  
Oh my God Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall You wanna see what's in my head?  
You wanna see what's in my head?  
You wanna see what's in my head?  
Check it out 'cause  
I got pictures of what's in my head  
I got pictures of what's in my head  
They took 'em in Tokyo  
And I brought 'em back with me to the USA Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall It's true I fell then I hit my, hit my head you know  
I mean my head, my ankle, my ankle was black  
But my head got a concussion They took x-rays and I asked the doctor  
If he could tell whether I was  
I don't speak Japanese but I was talking to him
