

No Problem

Local H

I'd like to think that it's out of fear
When you blow into town, maybe twice a year
To check on me, see if I'm still here
And make me think that it's my idea
When everything in the world is free
I come to you so easily
You've never felt a sense of me
You, that I refused to see
You had me but it's over now
You had me but it's over now
It's no problem
It's no problem
I'm not really sure why I let you win
Or even why I let it begin
I've always been an easy in
An easy out the door again
I know it's only because you're down
That you ever wanna come around
Just a little secret in a little town
You had me but it's over now
You had me but it's over now
You'll get my attention again somehow
It's no problem
It's no problem
It's no problem
It's no problem
