Surfing On a Rocket

<u>Air</u>

Time for flying rockets For silver jets For surfing bombs Surfing on a rocket Don't, don't pray to go Please take my hand Don't get me down Surfing on a rocket I'll be back one day Just pray for me I'm on my way Surfing on a rocket Surfing on a rocketNo one can stop me to go You'll never see me again No one can stop me to go You'll never see me again No one can stop me to go You'll never see me again
