

Stay the Night

Millionaires

[Verse 1.][Melissa]

I've got you blowing up my phone
and I know that you're looking right.

[Allison]

If I let you walk me home,
you know I'll let you stay the night.[Dani]

Touch me up and touch me down!
Shut your mouth, don't make a sound!

[Melissa]

Got my lipstick on your collar,
you can bet your bottom dollar you will,

[All]

Stay the night

Stay the night, oh oh.

Stay the night

Stay the night, uuuh.[Refrain]

Drink and dancin'.

What I want.

Take your clothes off.

Let's get it on.

Because I'm feeling lonely,
you know it's true.

Let's get naughty

and I want you to,

Stay the night

Stay the night, oh wanna stay the night.

Stay the night

Stay the night, oh oh.

Stay the night.[Verse 2.][Melissa]

You know I want ya and I need ya,
but you're just a one night stand.

[Allison]

If you get breakfast in the morning,
you'll be a lucky man.[Dani]

So, let's just skip the small talk.

Don't mean to be a prick.

[Melissa]

Now let's get down to business.

All I need to taste is your lips (dick).[Refrain]

Drink and dancin'.

What I want.

Take your clothes off.

Let's get it on.
Because I'm feeling lonely,
you know it's true.
Let's get naughty
and I want you to, Stay the night
Stay the night, oh wanna stay the night.
Stay the night
Stay the night, oh oh.
Stay the night. [Allison]
At first we were just flirting,
now we're getting down and dirty.
[Dani]
Make it rough, make it tough.
'Til you leave at 7: 30. [Melissa]
So if you get me drunk,
my uhhh will shut you up.
[Allison]
We'll go down,
on the ground.
[Dani]
Play around
'til the morning.
We'll be [Refrain]
Drink and dancin'.
What I want.
Take your clothes off.
Let's get it on.
Because I'm feeling lonely,
you know it's true.
Let's get naughty
and I want you to, [stay the night] Drink and dancin'.
What I want.
Take your clothes off.
Let's get it on.
Because I'm feeling lonely,
you know it's true.
Let's get naughty
and I want you to, Stay the night
Stay the night, oh wanna stay the night.
Stay the night
Stay the night, oh wanna stay the night.
Stay the night,
Stay the night, oh oh.
Stay the night,
Stay the night,
Stay the night, oh wanna stay the night.
Stay the night,
