

Island Girl

Elton John

I see your teeth flash, Jamaican honey so sweet
Down where Lexington cross 47th Street
Oh she's a big girl, she's standing six-foot three
Turning tricks for the dudes in the big city
Island girl
What you wanting with the white man's world?

Island girl

Black boy want you in his island world
He want to take you from the racket boss
He want to save you, but the cause is lost

Island girl, island girl, island girl

Tell me what you wanting with the white man's world

Well she's black as coal, but she burn like a fire

And she wrap herself around you like a well-worn tire

You feel her nail scratch your back just like a rake, oh oh

He one more gone, he one more John who make the mistake
Island girl

What you wanting with the white man's world?

Island girl

Black boy want you in his island world
He want to take you from the racket boss

He want to save you, but the cause is lost

Island girl, island girl, island girl

Tell me what you wanting with the white man's world
Island girl

What you wanting with the white man's world?

Island girl

Black boy want you in his island world

He want to take you from the racket boss

He want to save you, but the cause is lost

Island girl, island girl, island girl

Tell me what you wanting with the white man's

Tell me what you wanting with the white man's

Tell me what you wanting with the white man's
