

Question (feat. Travis Mills)

Lauv

it's not me you're really mad at
I see it in your eyes
she's always had you pissed off
and you hold it deep inside
I'm telling you to let go, let go
you told me give you a chance
to feel the way you feel, but so you know
even if I don't quite understand
baby, I'll stand
even if I'm blind
I'll pay no mind
and baby I'll stand
even when you drive me half
you drive me half insane
if you promise that yeah that it's not in vain
if you always do the same for me
I won't question, question it
I won't question, question it
I won't question, question it
you think I'm oblivious
maybe that's true
I don't notice
my heart is too focused
on trying to do right by you, by you, by you
I can't control the actions, actions
of somebody else
don't give them satisfaction, no
just leave them on the shelf, oh baby
you know I'll stand
even if I'm blind
I'll pay no mind
and baby I'll stand
even when you drive me half insane
you drive me half insane
if you promise that yeah that it's not in vain
if you always do the same for me
I won't question, question it
I won't question, question it
I won't question, question it
why do LA girls always have this attitude from out of nowhere?
turning nothing into something
ooh girl please don't gi there

I even changed my number
I don't know how they're still calling
just come back to bed
I'll fix this shit in the morning
it's nothing I can't handle
don't wanna waste these candles
as soon as we get done
another one like Khaled sandals
first thing I'll do is make sure you won't even second guess it
you know I love you
that ain't a question
I won't question, question it
I won't question, question it
I won't question, question it
(end)
