

Champion (feat. Kat Dahlia)

Common Kings

Cuz you are the champion
And I know and I know and I know your one in a million
Oh yeah yeah yeah
You say that I work too much
You say that I'm gone too much
But too much is never enough
When is all for you
They wonder how we survive
They wonder are we alright?
Never know sacrifice
Cuz is all for you
Yeah yeah
Again and again I can argue
The only one there when am lonely
Waking me up in the morning
Backing me up when I'm all low
You always holding it down, you always holding it down
I wouldn't trade you no not for the world
Ain't no way
Cuz you are the champion
And I know and I know and I know your one in a million
Oh yeah yeah yeah
You're the key to my kingdom
And I know and I know your love is unbeaten
You're my number one Sometimes I get a feeling away
I know I make it quizzzy
Cuz I. I have a love history
And you're so patient with me
You came all down alright
Fucked around (messed around)
And changed my life
I'm in love
I can't deny it
Boom Boom
Your love knocked me down
Boom Boom
Don't know what we about
Boom Boom
Boy you're so hot
Boom Boom Clap Boom Clap Oh
Pulling me down
Boom Boom

Taking me out
Boom Boom
Your love knocked me out
Boom Boom
Like K.O
Cuz you are the champion
And I know and I know and I know your one in a million
Oh yeah yeah yeah
You're the key to my kingdom
And I know and I know your love is unbeaten
You're my number one
Again and again I can argue
The only one there when I'm lonely
Waking me up in the morning
Backing me up when I'm all low
You always holding it down, you always holding it down
I wouldn't trade you no not for the world (no way)
Ain't no wayCuz you are the champion
And I know and I know and I know
You're one in a million
Oh yeah yeah yeah
You're the key to my kingdom
And I know and I know your love is unbeaten
You're my number oneCuz are the champion
You're one in a million
Cuz you are the champion
You're my number one
Cuz you are the champion
Your love is unbeaten
Cuz you are the champion
You're my number one
