

Dimples (feat. Los Lobos)

John Lee Hooker

Hooker I got my eyes on you
I got my eyes on you
I got my eyes on you
See everything you do
I got my eyes on you. I love the way you walk
I'm just crazy 'bout your walk
I like the way you walk
You made me stuff
I got my eyes on you
I had a dream last night that I held you tight
A dream to held you close
Well, it's only a dream but as strange as it seems
I thought that you belonged to me. I got my eyes on you
I got my eyes on you
I got my eyes on you
See everything you do
I got my eyes on you. I had a dream last night that I held you tight
A dream to held you close
Well, it's only a dream but as strange as it seems
I thought that you belonged to me.
I got my eyes on you
I got my eyes on you
I got my eyes on you
See everything you do
I got my eyes on you.
