## **Dimples (feat. Los Lobos)**

## John Lee Hooker

HookerI got my eyes on you

I got my eyes on you

I got my eyes on you

See everything you do

I got my eyes on you. I love the way you walk

I'm just crazy 'bout your walk

I like the way you walk

You made me ..... stuff

I got my eyes on you

I had a dream last night that I held you tight

A dream to held you close

Well, it's only a dream but as strange as it seems

I thought that you belonged to me.I got my eyes on you

I got my eyes on you

I got my eyes on you

See everything you do

I got my eyes on you. I had a dream last night that I held you tight

A dream to held you close

Well, it's only a dream but as strange as it seems

I thought that you belonged to me.

I got my eyes on you

I got my eyes on you

I got my eyes on you

See everything you do

I got my eyes on you.
