

# Famous

## Nathan Sykes

I really believe in love  
I really believe in love that won't die  
But no matter how hard I try  
I just can't make you realize  
I've been here all along When it comes to me and you  
No spotlight on  
'Cause you always think that you can do better  
Better, better But will you call me when I'm famous?  
When I'm famous  
Would you call my name?  
Will you call me when I'm famous?  
When I'm famous  
Will you call my name?  
When I'm famous  
What's a man gotta do to make you happy  
Is it all about the fortune and fame?  
Would you care if they screamed my name?  
Will you still feel the same? I've been here all along  
When it comes to me and you  
No spotlight on  
'Cause you always think that you can do better  
Better, better But will you call me when I'm famous?  
When I'm famous  
Would you call my name?  
Will you call me when I'm famous?  
When I'm famous  
Now would you call my name?  
When I'm famous  
If I told you honestly  
Honestly I don't believe  
You would take the diamond ring Things would only fade overnight  
I would rather you and me  
Living out another dream  
Make a new reality  
And hopefully You won't only call me when I'm famous  
When I'm famous  
Would you call my name?  
Will you call me when I'm famous?  
When I'm famous  
Will you call my name? Will you call me?  
Will you call me?  
Will you call, call my name?

Will you call me?  
Will you call me?  
Will you call, call my name?  
I really believe in love  
I really believe in love that won't die  
And it can only get better  
Better, better  
When I'm famous
