Giving Him Something He Can Feel (Edit Version)

En Vogue

Many say that I'm too young To let you know just where I'm coming from But you will see, it's just a matter of time My love will surely make you mineWell, I'm livin' in a world of ghetto life Everyone seem so uptight But nothin's wrong, it's alright, my man I like the way we carry on His love will send me on and on with my man People out there can understandI'm givin' him somethin' he can feel To let him know this love is real Givin' him somethin' he can feel To let him know this love is real This love is real So much joy for us it seems So much hope for material things Are they only in my dreams? And that's exactly why I'm singing this song to you To let you know that real dreams do come true You tell me what does it meanLivin' in a world of ghetto life Everyone is so uptight Nothin's wrong, it's alright, my man I like the way we carry on His lovin' will send me on and on with my man People out there can you understandGivin' him somethin' he can feel To let him know this love is real Givin' him somethin' he can feel To let him know this love is real This love is real Givin' him somethin' he can feel Givin' him somethin' he can feel Givin' him somethin' he can feel
