

Rebel

Forever the Sickest Kids

And I know better than to mess with a girl like you (girl like you)
Got no business doing business with a guy like me (a guy like me)
Always on the run, shooting through hearts like the bullet from a gun (like the bullet from a
gun)

She knows better than to mess with a rebel like me
Cause a rebel like me breaksHearts
Breaks heartsCause I'm a rebel, (rebel) rebel without a cause (without a cause)
Cause I'm a rebel, (rebel) rebel without a cause (without a cause)
Trouble follows me, I'll leave you high and dry
Cause I'm a rebel, (rebel) rebel without a cause (without a cause)
I've been around many rounds but I've never met a girl like you (met a girl like you)
I'm not a lover but I love her and her stupid butterfly tattoo
Always on the go, picking my nights from the front row
She knows better than to mess with a rebel like me
Cause a rebel like me breaksHearts
Breaks heartsCause I'm a rebel, (rebel) rebel without a cause (without a cause)
Cause I'm a rebel, (rebel) rebel without a cause (without a cause)
Trouble follows me, I'll leave you high and dry
Cause I'm a rebel, (rebel) rebel without a cause (without a cause)Breaks hearts
Breaks hearts (cause a rebel like me)
Breaks hearts
Breaks hearts
Cause I'm a rebel, (rebel) rebel without a cause (without a cause)
Cause I'm a rebel, (rebel) rebel without a cause (without a cause)
Trouble follows me, I'll leave you high and dry
Cause I'm a rebel, (rebel) rebel without a cause (without a cause)Breaks hearts
Breaks hearts
Breaks hearts
