Gonna Wanna Tonight

Chase Rice

If you wanna climb a letter on a water tower than we'll kick it with the stars for a couple of hours

If you wanna we're gonna get way up high

If you wanna dip your toes where waters stops

If you wanna then we're gonna have to give a try, that's rightIf you gonna go out wait where there ain't nobody around

And let your long hair get to falling down

And let your red lips leave

Their mark all over mineIf you wanna then we're gonna girl

I hope you're gonna wanna tonight

If you wanna then we're gonna girl

I hope you're gonna wanna all night

If you wanna catch a buzz and ride it till the morning

Let's get two plastic cups

bu wanna catch a buzz and ride it till the morning

Let's get two plastic cups

and baby I'll get to pouring

It don't really matter if it's whisky or wine

it's fineIf you gonna go out wait

it's fineIf you gonna go out wait where there ain't nobody around And let your long hair get to falling down And let your red lips leave

Their mark all over mineFill up the night air with the radio And put your hands whatever they wanna go

Yeah we're right here

Girl just close your eyesIf you wanna then we're gonna girl

I hope you're gonna wanna tonight
If you wanna then we're gonna girl
I hope you're gonna wanna all night
Gonna wanna get a little closer
Gonna wanna slide it on over

Gonna wannaGonna wanna go out where there ain't nobody around

And let your long hair get to falling down

And let your red lips leave Their mark all over mineCome on

Fill up the night air with the radio

And put your hands whatever they wanna go

Yeah we're right here

Girl just close your eyesIf you wanna then we're gonna girl

I hope you're gonna wanna tonight

If you wanna then we're gonna girl

I hope you're gonna wanna all nightGonna wanna get a little closer Gonna wanna slide it on over

Gonna wanna Ya gonna wanna tonight Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
