

Clouds of War

Combichrist

hide the brain of future conditions
hide the brain of dust
I've never been the first
this cloud of war!
war
war
war...the variety of secrets of this movie
corrupted their
success
this thing does not speak
but will never go back
remaster his revenge
I can separate you from the war
clouds of Warns
lightning can put out the fire
I can warn the fire!
I need an early morning crow
I'm the best on the left
window of cell window of cell
Rain! Clouds Of War!RAIN! CLOUDS OF WAARR!
RAIN! CLOUDS OF WAARR!
RAIN! CLOUDS OF WAARR!
RAIN! CLOUDS OF WAARR!
the variety of secrets of this movie
corrupted their
success
this thing does not speak
but will never go back
remaster his revenge
I can separate you from the war
clouds of Warners!
